

NICOLAS CAGE

"Cheez Louise! Sailor, baby, you're really somethin'!"
 – Laura Dern as Lula Fortune, *Wild At Heart*

In a world that's stretched between dusty highways, Nicolas Cage is Sailor Ripley, the man who's oiled real slick and whose moves are real smooth. He'll drive with the top down in the midday sun and call you 'Baby' and 'Peanut'. He'll tell you to paint your toenails right now 'cause the two of you got some dancin' to do. And any wonder. This one, this Sailor man, makes you hotter than Georgia asphalt. Some people, just bring out the best in you, even if they are bad to the bone. He thinks the way your head works is God's own private mystery and he'll sing you *Love Me Tender* on the hood of your car in a snakeskin jacket against a crazy-blue sky. Damn girl, he'd drive a Buick to the moon if you asked him to. 🍷
